

Shabbat Shalom, all who worship Yahuah Alahim and Yahusha haMashiach on their Kadosh (set-apart) New/Renewed Moons, Lunar Sabbaths, and Feast Days according to the full moon as the start of His lunar months!

<https://www.youtube.com/watch?v=FUb6QjzvRXU>

Today is the **15th day** of our Creator's **Ninth Lunar Month** count, in which the year begins in the spring. It is also the authentic **second lunar Sabbath of the month**. It looks like **09-15-5993**. It coincides with the Roman Gregorian calendar planetary date of *Sun., 12-29-2024*.

Our Creator placed His full moon beacon as the original New Moon and the start of His months, high above for all to see. All praise to Yahuah Alahim for His steadfast love and compassion for His children and His patience in restoring His lost truths in preparation for the Second Coming of His Son, Yahusha haMashiach (the Messiah). Simply because the full moon as New Moon, with its count to Lunar Sabbaths and annual Feast Days, is not popular among the Rabbinical Pharisee Jews or the Romanized Christian churches today, does in no way diminish its LIGHT OF

TRUTH shining from the pages of Scripture and His Eternal Throne. Only Yahuah's Ruach (power, presence, and provision) gives those who seek Him with all their hearts "*eyes to see and ears to hear.*" Ask Him today to reveal His New Moon and lunar Sabbath to you and see how your life will change as your soul temple is synchronized to His for all eternity.

"Blessed are those who hear the joyful call to worship, for they will walk in the light of your presence, Yahuah. They rejoice all day long in your wonderful reputation. They exult in your righteousness."
Psalms 89:15-16

THE IMPOSSIBILITY OF EXISTENCE

By Jonathan Cahn

It was night. We were outside under a clear, star-filled sky.

"The law of cause and effect," he said. "It lies at the foundation of science, logic, and reason: For every effect, there must be a cause. For every phenomenon, there must be a reason. Nothing can exist without a cause behind it. It would go against reason, science, and logic. You cannot have something from nothing. Everything has to have a cause."

"That sounds logical enough," I said.

“But if everything has a cause, then what is the cause for everything? What is the cause for the universe? The universe exists. So, what is the cause behind its existence? What caused the universe itself? What caused everything to exist?”

“The big bang?” I said.

“And what caused the big bang? If it’s the beginning, then it came from nothing. But if it came from nothing, it has no cause. And if it has no cause, then it can’t exist. Then it’s magic.”

“But what if the universe always was?”

“If it always was, then it had no beginning. And if it has no beginning, then it never started. And if it never started, it can’t exist. Again...magic. Either the universe began from nothing and thus cannot exist, or it has no beginning and never began, in which case it can’t exist.”

“So we can’t exist...but we do exist. Then what’s the answer?”

“The answer can only be that which cannot be explained yet explains all things...that which you cannot make sense of, yet which makes sense of all things...Only an uncaused cause could cause the universe to exist. And only that which exists beyond the laws of the universe could cause the laws of the universe to exist.”

“Which is...”

“Alahim (God) said the teacher. By definition, it is Yahuah Alahim, the “I Am,” the One you can’t explain but who explains all things. It is His unfathomability that causes our impossibility to exist. The universe can never make sense of itself by itself. Nor can you ever make sense of your life by your life...or by your life give your life meaning. The only way to find the meaning and purpose of your life is to find it in a mystery...the mystery of Him...and to make that mystery the cause of everything you do and the reason for everything you are.”

The Mission: Today, ponder the miracle of every moment you have. Treasure each moment and make the most of it. And make Him the cause of all you do. *Genesis 1:1-2; John 1:1-3; Hebrews 11:3*

“In the beginning God created the heavens and the earth. The earth was without form, and void; and darkness *was* on the face of the deep. And the Spirit of God was hovering over the face of the waters.” Genesis 1:1-2

“In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were made through Him, and without Him nothing was made that was made.” John 1:1-3

“By faith we understand that the worlds were framed by the word Yahuah Alahim (God), so that the things which are seen were not made of things which are visible.” Hebrews 11:3

[Disclaimer: Please note that “*The Book of Mysteries*” is Jonathan Cahn’s notes from the lessons he received while spending a year under the tutelage of “The Teacher” in Yasharal (*Israel*). I have found many of these to be worthy to share and will make additional comments on them as needed. Those teachings not supported

by Scripture that don't meet the mark on any level are not shared or posted. **We are not followers of Jonathan Cahn, as there are many beliefs we don't hold in common. However, these are shared that you too may be barakah (blessed) by the wisdom of "The Teacher."**]

The Missed Musical Beat

In an orchestra grand, where symphonies swell,
Musicians prepare, each note they must tell.
The conductor's baton, a guide to their play,
Ensures perfect timing, come night or day.

Yet one violinist, is eager and ardent,
Plays a bit early, unseen but discordant.

His notes, though correct, disrupt the grand sound,
Create disharmony that echoes around.

The melody falters, the harmony wanes,
What should have been music, now only strains.
For playing the right notes, but out of time's place,
Leaves the whole orchestra, in disjointed disgrace.

So with the Sabbath, a rhythm divine,
Measured from Full Moons, YAH's celestial design.
To count from a day, fixed by human decree,
Is to miss the true beat, as all will agree.

Just as each musician, must follow the lead,
We, too, must align with Yah's heavenly creed.
The Full Moon marks the start, the Sabbath's true guide,
In full light we find rest, with our Creator abide.

Each seventh-day beckons, a call to unwind,
A time for reflection, for heart, and for mind.
But if we miscount, with a cycling week,
The seven-day rhythm is all up a creek.

The harmony lost, the discord it brings,
A symphony of life with out-of-tune strings.
For rest and for worship, the timing is key,
To join in the cadence of eternity.

The conductor, our Maker, with wisdom, does guide,
His baton is the moon, through phases it glides.
Each cycle begins, a fresh count anew,
To find the seventh day, in its light, we pursue.

As musicians in life, we must heed the call,
To play in His timing, to rise and to fall.
For in the divine beat, our souls find their peace,
In sync with the heavens, our worries release.

So listen, oh hearts, to the rhythm so pure,
The full New Moon's light, His path to ensure.

Align with its brilliance, count each day with care,
And find the true Sabbath, in His rest we share.

In the symphony of life, let's play our part,
In tune with Yah's heavens, with all of our heart.
For only in harmony, with our Creator's plan,
Can we find true rest, as it was meant for man.

The missed beat reminds us, the lesson is clear,
To follow YAH's rhythm, with reverence and cheer.
The full New Moon's count, with little more than a blink,
In faithful worship, our souls are in sync.

(As I sing along, it has become my habit to change out all the replacement names for Yah, Yahuah, Yahusha, or Alahim, as the song requires.)

I am praying that the chaos around you doesn't steal the peace that is inside of you. Yahusha haMashiach is in control even when life feels like a roller coaster. He said: "Peace I leave with you, My peace I give to you; not as the world gives do I give to you. Let not your heart be troubled, neither let it be afraid." John 14:27

Barak hashem Yahusha haMashiach! (*Bless the name of Yahusha the Messiah!*)

THE ARGUMENT OF CREATION
VERSUS EVOLUTION IS NOT
A RELIGIOUS ARGUMENT,
BUT AN ARGUMENT OF
THE NATURE
OF REALITY.

- * In the beginning, nothingness, emptiness, and darkness was upon the face of the endless abyss.
- * The first thing created was LIGHT, and the first thing named was DAY. For the LIGHT was called DAY and it was distinctly separated from the DARKNESS, which was called NIGHT.
- * Each creative act was accomplished during the DAY. Nothing was created in the DARKNESS of NIGHT.
- * Following each DAY of Creation was the EVENING and DAWN of the NIGHT. The DAY began fresh and new at each SUNRISE. Then came the EVENING and then came the DAWN, which are the first and last watches of the NIGHT.
- * The DAY was designed to begin at SUNRISE and end at SUNSET, containing no portion of DARKNESS or NIGHT. Only a 24 hour cycle of time includes both the DAY and NIGHT.
